MEMORANDUM

FROM: Monsignor Thomas Curry

TO: Archbishop Mahony

RE: Father Joseph Pina

This will note for the record our conversations over this past week regarding Father Joe Pina.

Joe asked me to meet him on Tuesday, May 22, 1990 and told me he had for the past two-and-a-half years been involved with a young woman who is now nineteen. This involvement included going to lunch and dinner together and heavy petting. He was very sure there was never any intercourse involved. He has been friendly for a long time with all the members of the young woman's family. They live in Our Lady of Guadalupe (Hammel St.) Parish.

About a month ago, the young woman broke off the relationship. Joe was not sure whether she had seen a therapist before doing this, but she is currently seeing one at the college she attends. She was very angry with him and accused him of molesting her. She asked that he speak to her parents, and he felt she wanted her parents to be angry with him, too. He said she was brutal with him, and I had the impression he was hurt. He indicated there was some evidence that REDACTED REDACTED, but he was not at all sure of that. He also said he had tried to help her self-image and to build up her confidence.

Joe himself has been seeing a therapist whom he knows from having referred parishioners to him. He indicated he was aware there was something wrong with himself, and that he would have to deal with it.

I spoke to him on Tuesday evening and advised him to talk to the young woman's parents, to take responsibility, and to let them react and to respect their reaction.

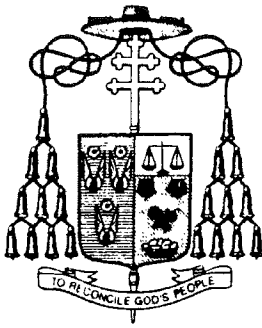

Joe called me on Thursday, May 24 to say he had met with both parents. They were hurt, but the meeting was a good one. They had suspected something about the relationship. He told them he would be responsible for helping with their daughter's therapy if help were needed. The young woman also called him and was surprised that he had spoken to her parents. She was less hostile than before and thanked him for doing so. Joe said this would be the last time he would talk with her.

He will continue to see the therapist and will keep in touch with me. He is aware that there may be more developments in the matter.

Thank you - please keep me informed.

Dear Joe:

This is just a brief note following our telephone conversation a few days ago.

I just want to renew in writing my esteem, affection and prayers for you during these days of some trial. You are taking the proper steps in dealing with this personal situation, and I commend you for your honesty and openness in handling the matter--both with Monsignor Tom Curry and with proper spiritual direction and counselling.

Each of us encounters different unforeseen obstacles on our life journey, and we never know in advance how we will respond. Being those "vessels of clay" described by St. Paul, we are all vulnerable to our humanity and its characteristics.

The measure of any one of us is not how well we do during good times, but how we handle our adversities. As brother priests, we need to be present for one another most especially in those darker hours. We cannot afford to lessen the overall value of our priestly fraternity by negative comments about a brother. Rather, we must be exemplary in our support for each brother on every part of the journey.

You continue to have my prayers, my support, and my friendship. Please feel free to call on me at any time--I would love to have a visit as a brother.

Faternally yours/in Christ,

Dear Monsignor Dyer:

Enclosed please find another copy of the report I previously sent to you regarding my treatment with Fr. Joseph Pina. The present report has one correction which, although, minor is, nonetheless, significant as it refers to the exact date that Fr. Joe initiated treatment with me. Fr. Joe began treatment in May 92', instead of in December 92'. The initial date of treatment is important because it offers a more accurate chronology of how quickly Fr. Joe sought help and intervention following the precipitation of his personal crisis. Please disregard the previously sent report and kindly enter this report in Fr. Joe's personal file.

Cardinal Roger M. Mahony,

This letter has taken me several years to type for several reasons. One was fear and the other was ignorance on how to proceed on such a matter. Now more than ever it seems this letter has to be written.

Several years ago my sister was molested, possible raped by a Fr. Joseph D. Pina, pastor of St. Alphonsus Church. He informed of the matter and my sister confirmed it, though the details of the event have not been fully known to me or my family. Fr. Pina informed us that he had already informed you and was immediately placed under the supervision of a psychologist. He also explained to me that it was possible he was to be removed as dean and never to advance in position as priest.

So why do I write? Well its because after all these years I have had much time to reflect about the situation. Much anger, fear, and frustration has been part of me and my family. None of us have been able to completely enjoy ours lives. A deep wedge has been hammered into my family, driving each other away because of this event. Also though the faith my sisters had by this time began to deteriorate, the things Fr. Joe Pina greatly contribute for them to further themselves from the Church.

So my question is why did the church do nothing to remedy this? If Fr. Pina had reported it why did Your office remain quite when you had a moral obligation to address this issue. Nothing really has been done to Fr, Joe, other than getting psychological help but what about getting help for my sister and my family? Several times my sister has vocalized getting help but due to her financial situation she has not been able to get long term help. Mr. Archbishop its not just the money but the feeling of isolation and lack of response from a church I believed in. Even my father's, who I believe is an extremely devoted my man, faith has been shook up violently. All I want is for the Church to deal with this situation honestly.

Yours trulv.

Dear [REDACTED]

I received your letter of August 17 when I returned from my vacation. Upon inquiring, I learned that you had left home for the beginning of the school year.

Since I do not have a forwarding address, I have kept this letter and will hand deliver it to your family so that they can forward it to you.

Based on the questions in your letter, I called to set up an appointment with your parents to consider whatever issues they may wish to discuss regarding the matter with Father Piña and your sister.

Following my meeting with them, I would be open to further discussing the situation with you should you so desire.

I can be reached at the office [REDACTED] or at home [REDACTED]

SEPTEMBER 2, 1993

Re: Joe Pina - REDACTED

Family members:
REDACTED (father)

*Presently working REDACTED. Others
have worked there in the past, REDACTED
just two months.

We opened our doors to Father Pina and were blind to any problems. He was like a family member. It was a golpe to the members of the family when we learned this. The family split: REDACTED didn't want Father Pina to come any more, and the other brothers and sisters did.

Joe told REDACTED There was "heavy petting", but don't ask me for details.

May 1990--Father Pina said he was pressured by REDACTED to tell her parents and brothers and sisters. The parents, after a few days, had a meeting with all the brothers and sisters present, except REDACTED. Afterwards, they all (including REDACTED thought Father Pina should be able to return to the house, and REDACTED approved this--at first.

Father Pina returned days later to speak to REDACTED to say he felt lonely and wanted permission to return. She did not give him permission. She went to Mexico for several weeks, and upon her return found that Father Pina was visiting again. The brothers and sisters let him back in. To this day, it is very difficult for them to separate from him.

At first, REDACTED accepted this, saying to her mother that she felt guilty in keeping him away from her brothers and sisters who loved him. But as time went on, she felt more and more anger against him. REDACTED was very young and didn't realize the damage she had undergone.

After he had spoken to the family, Father Pina offered counseling help to REDACTED but she didn't accept it. At that time, and even now, it is difficult to talk to her.

Since she has entered the university, she has seen a counselor, but won't talk to parents about it. Five times she saw a counselor through REDACTED work, but then stopped. Only twice (two sessions) has the family been with a psychologist.

The family (brothers and sisters) now suffers from division, disillusionment over their faith. We, as parents, don't know how to guide them spiritually, morally. They are very rebellious about their religion and values of the Church.

During the last year, Father Pina doesn't come to the house.

Conclusions after meeting with REDACTED Family:

Father Pina: 1) cannot visit family or extended family

2) see another psychologist, Dr. REDACTED to receive a new evaluation

1) to begin with a psychologist

MEMORANDUMOctober 10, 1993

TO: Cardinal Mahony
FROM: Father Timothy Dyer
RE: Fr. Joseph Pina

Attached is a 5/25/90 memo re Fr. Joe Pina and his involvement with a girl, REDACTED -- beginning when she was 16 years of age.

Recently, I received a letter from one of REDACTED brothers -- demanding an explanation why Fr. Pina has never suffered any consequences for his behavior while his sister has never received any help from the Church. This led to two meetings -- one here in my office with REDACTED and then, at their invitation, a meeting with the whole family in their home. It seems that the entire family has been affected by the incident and the parents now feel they should have acted more decisively and that their children, now being older, have come to look upon the affair as never having been resolved properly.

At the time he met with the family in 1990, Fr. Pina did offer therapeutic assistance for REDACTED but she never took advantage of the offer. When I went to the family home, she did ask for counseling and I have, through Dr. REDACTED put her in touch with Dr. REDACTED who specializes in this sort of situation. It was also apparent that the family needed help, so I am looking for a Spanish speaking family therapist who can spend some sessions with them. (Fr. Pina will take responsibility for the cost of therapy to REDACTED in accord with our policy.)

The family also pressed for a re-evaluation of Fr. Pina -- saying that Dr. REDACTED, whom he has been seeing, was a "friend" of his prior to the incident and they could not understand how Dr. REDACTED could be objective. I spoke to Fr. Pina who was most cooperative and said he would welcome another therapist's opinion, particularly because he had never undergone a psychological "evaluation" (involving objective testing) with Dr. REDACTED. He has made an appointment with Dr. REDACTED

My reading of the family is that they have had this "elephant in the living room" for the past three years and the fact that they have not talked about it has undermined their communications among one another and trust in the parents. They asked me questions about Fr. Pina's staying on as "pastor" and "dean" and I told them we would have to leave those questions until after there had been an evaluation for Fr. Pina and therapy for them. They seemed satisfied with that.

15215

I have been concerned throughout about this case being "reported" -- as REDACTED was a minor at the time of the relationship. She has seen several college counselors who would, I should think, be mandated reporters. Neither Dr. REDACTED nor Dr. REDACTED have raised the question nor did Dr. REDACTED -- so, I am hoping that no investigation will have to take place. I am checking the matter with [REDACTED] in order to be prepared. Fr. Pina has been exceptional in that he reported the matter to us and sought help. I have no reason to believe there has been or will be any risk of this kind of behavior happening again. Contrary to the family's fears, I believe Dr. REDACTED is a good therapist and Fr. Pina says he has benefitted greatly from his counsel over the last several years.

Thanks for the update - let's see what the evaluation turns up -

HISTORY OF PRESENTING PROBLEM

The patient was asked to provide a detailed account of the relationship that resulted in his being sent for an evaluation.

"I got involved with a girl. I met her when she was in the 7th or 8th grade at another parish. It was Our Lady of Guadalupe, Hamel. When I left the parish and became pastor here, I developed a relationship with the family. I felt like I fell in love with her. I got sexually involved with her, but never intercourse. She was about 17 when we got involved sexually, and it continued until she was about 19. She decided to break up with me and apparently went to see a counselor. This was all a shock to me. She wanted me to see her counselor, but she never asked me to go."

"I saw us as a boyfriend/girlfriend relationship. I didn't realize she was going through pain and suffering because of me. I saw her suffering more in terms of her family situation. The Vicar at the time was Father Tom Curry. I told him about it. I decided to go to counseling. I had to come to grips with the fact that I had hurt somebody."

"At first, I took full responsibility. But through therapy, I realized that I was not happy and fulfilled. I wanted a relationship. I wanted someone to love me. Also, she responded to me. So there was that element of it from her part."

"She asked me to see her parents after she got into counseling. I met with them. I told them what I had done. I told her I had developed a sexual relationship with their daughter. I told them there had been no intercourse. I apologized for what I had done. I met with each brother and sister and it was very painful for me. This was three years ago. I've kept in touch with the brothers and sisters all this time."

"The parents did not exactly know what was going on with REDACTED. Now she's gone through several counselors. She's beginning to admit that REDACTED. I told her to deal with it or to accept it and forgive. All this time, I felt I was not a part of the situation."

The patient was 38 years old when he met REDACTED, who was 13 at the time. "I've never had a close family. My mom's family is REDACTED. My father's family is scattered. Some live in REDACTED. They are not close. It (referring to REDACTED and her family) was just a good family. I enjoyed them. I also thought that REDACTED didn't see me as a priest. Early in our relationship, she would call me Joseph. I didn't realize this was happening."

15186

PSYCHOLOGICAL EVALUATION

JOSEPH PINA

Page 4

"I remember one time when I got attracted to her. She was in the 8th grade. She dressed as Snow White and it triggered some memories for me. I had a crush on Snow White, so I started to open myself up to her."

"All the time I was with her, I didn't see her seeing me as a father or a priest. I also didn't think she was seeing me as her father. I felt we were co-equal. It was very tender."

"I would see them frequently. I stopped all relationships with other men or women. I gave all my attention to this family. I even stopped reading. Before I met them, I used to read one book a week. I stopped doing that and everything was scheduled around them."

"I talked to her every day for at least five years. It became a big part of my life. I was still doing my other duties, but I would rearrange my schedule to fit in with REDACTED and her family. I guess I wanted a family relationship."

"I realize now that I got greedy. I wanted it all, now. I wanted her and a family and children. I wanted everything. They even invited me to Mexico on two or three occasions. These were to celebrate the quincenieras for REDACTED and her other sisters."

"I don't know why she broke it off, unless she found somebody else. But I'd tell her she could go out, even get physical. I wouldn't like it but I wouldn't get in the way."

The patient was asked to describe their first sexual contact. "It was about October of 1988. We were taking driving lessons. She was like three months shy of her 17th birthday. I was giving her lessons. We stopped. We were talking. I started to touch her and feel her breasts under her clothes. She kissed me but never touched me."

The patient was asked to discuss the extent of their sexual relationship. "I did kiss her vagina. I did touch her with my fingers. But I never had intercourse. I never did anything she did not allow me to do."

"I can't remember The next time that it happened. At the height of it, it was about twice a week. It varied."

"On other occasions, I would be driving. She'd be next to be

15187

PSYCHOLOGICAL EVALUATION
JOSEPH PINA

on the car seat. She'd put her head on my lap. I could caress her face and then I would touch her breast. Then I would touch her vaginal area. She would undo her pants. Sometimes, she'd wear a skirt. She never made a movement towards my penis. We'd do this for about one hour. We'd go to lunch, shopping or just for a drive. Usually we would go far, to West Covina, the beach, Magic Mountain or Long Beach."

"I would never think it was wrong. I saw her as the woman I was going to marry. I always thought to myself that this would all work out. I thought we would get married."

"These situations were really pleasurable, but they were also a bonding. When I would touch her, she would reach orgasm. She also would come to my room at the rectory. She came maybe ten times and usually during the day. We would hug. There was no orgasm by me kissing her vagina. I just did that. She would be totally nude. Me, never. I might have my shirt off, but never my pants or shorts. She would come to my room and I would be in my regular clothes."

"There might have been some body rubbing, maybe one or two times when she was on top of me. I don't remember if ever I was on top of her. I don't think so."

"After she'd come, we would hug. I'd tell her I loved her. I guess I did all the talking. She would say that she felt like she was using me. I would tell her that she wasn't. I would tell her that I knew what we were doing was not right but that we would work it out. I talked about marriage, but she never did. I guess I didn't catch that. My promise was that my love would take care of everything, that she would see that I was the best thing for her."

"I never ejaculated with her. I probably masturbated after she left. Maybe not even right then. There were times when we took day trips. Once we went to Santa Barbara. Another time we went to Magic Mountain. We never went to the amusement park, but just to the vicinity. We did maybe one or two day trips a year for four or five hours a day. Most of the time we had usually two hours."

"The last time we had sexual contact was about three years ago. The last time I talked to her was about two years ago. One day I accidently called. She answered. It was tense."

15188

PSYCHOLOGICAL EVALUATION
JOSEPH PINA

We didn't talk. I asked for somebody else. I know that I got shook up."

"I had contact with the family until last month. I kept in touch with her REDACTED One worked for me but we mutually decided for her to leave the job in October, now that the family is in counseling."

"They were never really pro-her. I always told them to support her. They have called me a lot. REDACTED is the youngest girl and I have spoken to her. REDACTED left the rectory in the middle of August for a college in Oregon. REDACTED went back to USF in September."

"I think my relationship with them has changed in that they are now in family counseling. I always knew there was a possibility they would stop seeing me."

REDACTED

"I knew that at one time I really wanted to have intercourse and to have a family. But I felt it was a matter of getting out of the Church. It became safe to act out with her because her home situation was accepting of our relationship."

His associations do suggest an individual experiencing a moderate to severe degree of internal distress. He is quite troubled by the current problem he is facing and reports feeling ashamed, sorry, and regretful for his actions, which he now perceives as causing hurt and pain to others.

He realizes he did not act appropriately and longs for forgiveness and wishes to remedy the hurt he has caused others. He also reports feeling uncertain about his future.

I have three concerns regarding this patient's treatment. The first concern centers around whether or not his relationship with REDACTED, then a minor, was reported to the Department of Children's Services under the child abuse reporting guidelines.

REDACTED

REDACTED

My third concern centers around several statements made by the patient throughout the course of my evaluation with regards to not taking full responsibility for his actions. He stated that in therapy he realized that he was not entirely responsible for what occurred between he and REDACTED. He made several such statements during our interview.

I have several problems with this point of view. Independent of whatever behavior REDACTED resorted to, there is virtually no way that a 47 year old man who is a priest and has taken a vow of celibacy, can justify his sexual behavior towards a minor or describe himself as a victim.

There is a twenty year difference in age between this patient and REDACTED. He also reports having fallen for her when she was 12 or 13, and it appears that he pursued her until the point that he engaged her in sexual activity. I might also note that the patient apparently had no intention of giving up this relationship but rather was forced to do so once

15207

REDACTED informed her therapist. There is no way in which he
can hold her accountable for his actions.

I am not familiar with any treatment modality or theoretical
position that somehow accepts, minimizes, or blames a minor
when sex has occurred with an adult, especially under these
circumstances. REDACTED

These relationships may in fact have diminished once his infatuation with REDACTED began. He reports calling her daily, arranging his schedule to coincide with hers, and taking trips with the family. His sexual liaisons with her were carefully planned, including leaving the immediate neighborhood for hours at a time.

REDACTED

My subjective opinion is that he probably suffers from a sexual compulsive disorder, and he elected to not be as candid about his sexual drive during this evaluation. REDACTED

In conclusion, I do not believe Father Pina is capable of proceeding with business as usual. He remains a serious risk for acting out. Over the years he has perfected his method, and his behavior suggests that single Hispanic female mothers and possibly minors are at risk for becoming victimized.

REDACTED

REDACTED

In the event that he does not choose to do so, The Archdiocese should be aware that he remains at risk for acting out in similar ways in the future. I would advise the Archdiocese to take appropriate measures and precautions to insure that he is not in a setting where he can victimize others.

MEMORANDUM

December 4, 1993

TO: Cardinal Mahony
FROM: Father Timothy Dyer TD
RE: Fr. Joseph Pina

Attached is the evaluation of Fr. Joseph Pina by Dr. REDACTED. This evaluation was initiated by reports from REDACTED and her parents. It is a long report and I would suggest the following pages as particularly significant: pp 2-6 (Fr. Pina's relationship with REDACTED REDACTED); pp 14-16 (his relationships with other women); pp 23-27 (conclusions and recommendations).

I found the report and conclusions to be more serious than I had anticipated. Msgr. Curry (to whom Fr. Pina himself first reported the matter) and I have given Fr. Pina a great deal of credit for coming forward before being reported but we may have missed or diminished the seriousness of the situation. (We were not working from the details present in this report.) Dr. REDACTED raises the question of possible manipulation (though, I don't think he means premeditated or calculated) in Fr. Pina's coming forward to report his acting out. I know that he must have diminished the details as Msgr. Curry did not realize the length or seriousness of the sexual behavior.

Both the REDACTED family and REDACTED are currently in therapy (Fr. Pina is paying for REDACTED's counseling). They have raised questions about Fr. Pina's being allowed to continue as pastor and dean after having committed a reportable offense. I have told them that we would have to face their questions once they had undergone therapy and this report for Fr. Pina was complete.

I think you may need some consultation on how to proceed from others besides myself in this case -- as I am a friend of Joe's and would want my own recommendations reviewed by others. I am giving the report to Msgr. REDACTED and Msgr. Curry may also need to read it.

Very serious - has REDACTED + Tom review the all four of us need to talk together about next steps - note the "risk" factor in the report - + RMR

MEMORANDUM

January 11, 1994

TO: Cardinal Mahony
FROM: Father Timothy Dyer
RE: Fr. Joseph Pina

Fr. Pina has met with Msgr. ^{REDACTED} and myself several times in the past week. Fr. Pina has been most cooperative and has expressed his inclination to go to residential treatment rather than outpatient therapy during a leave of absence. Msgr. ^{REDACTED} and I have weighed the pros and cons of different programs and now feel confident to recommend Villa St. John's in the Philadelphia diocese (this is the treatment center where ^{REDACTED} spent six months). There will likely be an opening in early February and Fr. Pina and I are meeting later this week to discuss a timetable for announcing his departure to the parish as well as to the deanery and priests of the Archdiocese.

Dyer

I will be discussing with you at greater length some proposals along the lines of the Boston aftercare program among priests, but want to mention at this point that we have invited Fr. ^{REDACTED} to meet with Fr. Pina -- as there are some similarities in their cases and Fr. ^{REDACTED} can help orient Fr. Pina to the program at Villa St. John's. It is our hope that Fr. ^{REDACTED} will communicate with Fr. Pina throughout his residency and be able to follow up with him upon his return. (Fr. ^{REDACTED}'s recovery seems to be going remarkably well and, when asked, Dr. ^{REDACTED} highly recommended him for this kind of work with other priests.)

I will meet with the ^{REDACTED} family shortly before Fr. Pina's announcement in the parish to share this development with them and to monitor the counseling they are receiving. They are a fine family and, I believe, will be relieved to hear that Fr. Pina is receiving significant help.

Dyer

I have some thoughts about a pro-tem administrator for St. Alphonsus which I will discuss with you when we next meet.

Finally, Fr. Pina mentioned that he deeply appreciated your call last weekend.

*Very good progress -

Re: Father Joseph Pina

Dear Msgr. Dyer:

The staff at St. John Vianney Hospital extends to your Diocese and to your member, Father Joseph Pina, a warm welcome. We trust that your experience with our hospital will reflect our dedication to the best mental health services possible to Catholic clergy and religious.

It is important that someone in leadership show support by regular contact, either by visiting, phone and/or letters and cards. Flowers sent for special occasions are also appreciated.

Mail, telephone and visiting are not restricted unless the patient or Treatment Team restricts them. It is good, therefore, to check with the Nurses Station and patient before visiting.

The schedule of therapy, classes, and activities varies from day to day, but usually concludes with supper at 5 p.m. It is usually easier to reach a patient by telephone in the evening or on weekends.

The core Treatment Team consists of REDACTED, Ph.D., primary therapist; REDACTED REDACTED, M.D., psychiatrist; REDACTED, R.N., primary nurse; and REDACTED L.S.W., social worker. This Team meets regularly to create an individualized treatment plan for Father Pina.

It is our intent to include the referring Diocese in the treatment process at Villa St. John. The process of contact is as follows:

- (1) to facilitate comprehensive treatment, the contact person from your Diocese will be required to attend a meeting at Villa St. John with Treatment Team members after the first 30 days and every 90 days thereafter;

...continued

15170

REDACTED

Monsignor Timothy J. Dyer
January 28, 1994
Page -2-

(2) monthly telephone contact will be made by our staff member, REDACTED
REDACTED who has been designated as the "Villa liaison person" to keep
you informed of the patient's progress;

(3) under the Mental Health Act of Pennsylvania, the confidentiality of patient
information must be protected. Therefore, the informed written consent of Father
Pina will be required before these steps can be implemented and any information
may be released.

If you have any questions or concerns about any aspect of patient care, please do not
hesitate to call any member of the patient's Treatment Team.

Sincerely,

SUMMARY REPORT

As stated in previous reports, Fr. Pina was in treatment to focus on issues associated with misconduct while in the performance of his duties as a priest for the Archdiocese. Following recent psychological testing which revealed further clinical signs of emotional conflict, it was advised that Fr. Pina enter an in-patient program to address the overwhelming conflicts in his life associated with sexual compulsive behavior. To this end, my treatment with him was brought to a close and underwent the appropriate termination process in order to prepare him for entering into the in-patient program out of state.

June 10, 1994

TO: CARDINAL MAHONY
 FROM: REDACTED
 RE: REV. JOSEPH PINA

Monsignor Dyer and I visited Father Joseph Pina at Villa St. John Vianney in Downingtown, Pennsylvania on June 1 and 2. He was completing five months of residential treatment, with July 1 as an approximate graduation date.

Villa St. John Vianney is the most highly structured and demanding treatment center for clergy in this country. Father Pina entered into the process wholeheartedly, connected with therapists and other guests very successfully, and is presently in high spirits.

Both Father Pina and the four staff members with whom we met formally for two hours reported very substantial progress during his treatment.

Father Pina will start serving as Associate Pastor at San Buenaventura Mission in July, not too far from his ailing father in REDACTED. He is committed to a highly structured aftercare program.

We have well-founded hopes that Father Pina's ministry will be healthy and unimpaired for many years.

TO: REDACTED Ph.D.
FROM: Monsignor Timothy Dyer, Vicar for Clergy
RE: Rev. Joseph Pina

Thank you for agreeing to provide services to Reverend Joseph Pina. Enclosed is your copy of the Clergy Performance Improvement Plan drawn up for him. So that my office can monitor his progress in counseling, I ask your cooperation in following the procedures below:

1. Initial Treatment Plan: Please complete and return the attached Initial Treatment Plan form by the patient's third visit. It is designed for efficient time management. Remember to include a copy of your Release of Information form for our records.
2. Progress Reports: We require a complete progress report every four months, and we will send you a short form for that purpose when such a report is due. The patient will be required to complete a "self-assessment" progress report at similar intervals, and his Pastor may also be asked to send me regular progress reports.
3. Final Summary Report: We will send you a Final Summary Report form for completion and return upon notification of your decision to terminate treatment.
4. Confidentiality: I fully understand the importance of confidentiality if you are to develop and maintain a healthy alliance with your patient. However, I do ask you to:
 - A. Notify me if you need to make a Child Abuse Report or a "Duty to Warn" Report;
 - B. Notify me if suicide potential is a serious concern;
 - C. Monitor patient's compliance with the Clergy Performance Improvement Plan; and
 - D. Keep me informed of necessary work restrictions or other problems as they arise.
5. Reimbursement for Services: Please submit billing statements in a timely manner to the patient's health insurance provider (the RETA Plan). A copy of his "insurance card" is attached. Be sure to include your Social Security # or Tax I.D. # on the claim. When you receive a check and/or benefit statement from the provider, send a copy of the benefit statement to this office for payment of any balance due.

I look forward very much to working with you. Please do not hesitate to call me if you have any questions regarding the above.

Dear REDACTED

As you are well aware, we have entered into a therapeutic contract with your Associate, Father Joseph Pina.

I wish to explain to you the parish involvement in the cost of Father Pina's therapy.

Under the Archdiocesan Health Plan, RETA will cover 50% of a priest's therapy bills up to a maximum of \$2500 in any calendar year. Balances still owing after RETA has paid its share are payable by the priest's source of salary up to a maximum of \$1000 in any calendar year. Amounts over that \$1000 become the responsibility of the priest himself, and if that poses a problem, he is free to apply to the Archdiocese for assistance by writing to me.

In the case of Father Pina the therapist will submit bills directly to RETA. RETA's payment to the therapist will include a benefit statement indicating the dollar figure paid and the balance due. The therapist will forward that benefit statement to us and we, in turn, will send it to you for remittance to the therapist of the balance owing.

Please do not hesitate to let me know if and when your records indicate that the parish has paid such balances up to the amount of \$1000 in any year.

Sincerely yours in Christ,

Dear Monsignor O'Brien:

As I am sure you are aware, your help in monitoring Father Joseph Pina's progress and compliance in his Clergy Performance Improvement Plan is utterly necessary, if our team approach to supporting him in the resolution of his problems is to succeed.

Thus I am attaching the first of a series (one every four months while the Plan is in place) of Pastor Progress Report forms in his regard, and I ask that you complete it and mail it back to me within two weeks. You should feel free to discuss the contents of your report with Father Pina. Indeed, I suggest that you do so. Don't hesitate to call me if you have any questions or concerns about it.

Believe me, I do not add this lightly to the many burdens you are already carrying. I am deeply grateful for your help, and thank you for your cooperation and understanding.

Re: Father Joseph Pina

Dear Monsignor Dyer:

I hope all is well in your diocese. My purpose for writing is to follow-up on the aftercare recommendations for Father Joe Pina who was discharged from our program in July, 1994.

One of the recommendations was to have a follow-up re-entry consultation to monitor compliance to aftercare. In my last telephone conversation with Father Pina, I informed him that I would be contacting you around this matter.

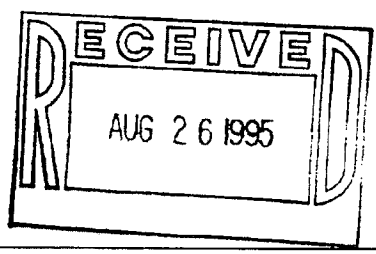

If I can be of help to you in facilitating Father Pina's continued aftercare, please let me know.

I wish you well with your continued ministry.

Sincerely yours,

Dear Father Pina:

Greetings to you in the holiday season.

I am writing to recommend to you a number of spiritual directors who are now available to priests of the Archdiocese. Inasmuch as you have not indicated in your Clergy Performance Improvement Plan the name of a spiritual director, I am presuming that you do not have one at this time.

There are now four priests assigned on a part-time basis to the Cardinal Manning House of Prayer for Priests. Each is available on a particular day of the week and appointments can be made by calling them:

In addition to these priests, the following Women Religious are also available for spiritual direction at their various locations:

It is highly recommended by the Cardinal that all of us have spiritual directors on a regular basis. In particular, it is recommended that a spiritual director be an essential part of your Clergy Performance Improvement Plan. To that end, I hope that this list will be helpful to you. Please let me or Monsignor Loomis know once you have chosen a spiritual director so that they can be included in your plan and receive mailings from this office. Naturally, as spiritual directors, they will only receive your progress reports and will not be asked to send this Office any information.

May God bless you in the New Year.

Sincerely yours in Christ.

NAME OF PATIENT: PINA, Joe

DATE OF ADMISSION: 3/4/98

IDENTIFICATION OF PATIENT: This is the first Del Amo admission for this 51-year-old Roman Catholic priest.

REDACTED

REDACTED (Referring to the allegations that the patient had been inappropriate with these females in terms of language and "putting his head on the breast of an 11 year old child." "I remember it as non-sexual.")

At another point, the patient states, when asked what he thought of a young girl's short skirts by the mother, the patient apparently indicated, not to ask him. "I'm a leg man" REDACTED
REDACTED

REDACTED

REDACTED

REDACTED The patient apparently was in a residential treatment facility, Villa St. Johns in Pennsylvania, for 6 months approximately three and a half years prior to this admission for treatment for crossing sexual boundaries. The patient states that in 1990, "I acted out with a 16 year old girl with heavy petting and 'intriguing'."

Dear Archbishop Mahony,

I hereby ask that you accept my resignation of the pastorate of the parish of Saint Emydius, in Lynwood, California.

I take this action freely. I ask that my resignation be accepted immediately.

Sincerely yours in Christ,

Rev. Joseph D. Piña

Reverend Joseph Piña
Pastor

*This canonical resignation is hereby
accepted.

Dear Parishioners,

The time has come for me to seek more serious help for my personal issues. For some time now, I thought that I was working on my recovery issues, diligently and honestly. However, I was not. I was not being honest with myself and most importantly I was not being fully honest with you. Therefore, I must inform you that I take full responsibility for all inappropriate overstepping of boundaries with an adult woman in the parish. Furthermore, I take full responsibility for the aggressive, flippant and inappropriate manner that I treated many of you. For some I inappropriately crossed your boundaries and made you and your family members feel embarrassed or uncomfortable.

For all of these inappropriate behaviors I am truly sorry. I apologize to you and especially to Msgr. O'Brien.

Rev. Joseph D. Pica

**Suggested Points for a Statement
to the parishes of
Saint Emydius and San Buenaventura**

Suggested points for priest's statement:

- decision to seek help for personal issues
- without inappropriate disclosure, state the problem
 - don't leave doubts about the age group involved
(e.g. "overstepped limits with adult women")
 - be honest
 - disclose about this problem, not the past
 - do not "over disclose"
- apologize

We will add what action the Archdiocese is taking:

1. appointing an administrator at Saint Emydius
2. a therapist available to work with the staff during transition (both parishes)
3. make therapists available one night for group session (San Buenaventura)
4. announce the means for people to contact the Vicar's office for help
5. a request for prayer and respect for the privacy of all involved

We will notify the surrounding pastors of the announcement just before it is made so that they are not blind-sided.

MEMORANDUM

CONFIDENTIAL

To: Cardinal Roger Mahony

From: Monsignor Richard Loomis *RL*

Date: Monday, March 16, 1998

Re: Father Joseph Piña

Father Piña continues in treatment at Del Amo Hospital, Torrance. The best estimate at the present time is that he will have to complete the full thirty-day treatment program. The recommendation of the Sexual Abuse Advisory Board is that he not be returned to ministry without at least a substantial time out of ministry to ensure "sobriety." During that time, he would continue to work with a therapist and be involved in recovery programs as recommended by the team at Del Amo on completion of the program there.

- I recommend that we follow this course. *absolutely*

Father ^{REDACTED} and I will be meeting with the parish staff at Mission San Buenaventura today and at Saint Emydius tomorrow. We are planning to make an announcement at the two parishes this coming weekend. I do not think a parish announcement can be avoided since a pastor cannot simply vanish from his parish without comment and if we make an announcement in Saint Emydius, we must make one at the Mission. In addition, there is a sense that there may be more victims at the Mission. *I concur -*

I spoke with Father Piña on Friday afternoon. He has submitted his resignation as pastor of Saint Emydius (copy attached). I would appreciate if you could write an acceptance for the record.

all so very sad -

Subject: From Msgr. Loomis

Any calls regarding Fr. Joseh Pina, can be told that he is on sick leave and if they would like to write to him they may do so in care of Msgr. Loomis and it will be forwarded for them. If they ask why we can't give them the address, Msgr. Loomis said to tell them that Fr. Pina asked that it not be given out at this time.

**Notes on the interview of Monsignor Richard Loomis
with REDACTED and their daughter REDACTED (CTE)
at Mission San Buenaventura, Ventura, March 21, 1998, at 4:00 PM
concerning Father Joseph Piña**

REDACTED

The conversation flowed back and forth between REDACTED. Except where obvious, it was not possible to attribute statements to a particular person. Though in the first person, the following is a paraphrase and not a verbatim, except where quotation marks are used.

Our other daughter REDACTED (REDACTED) is not with us since she had a track meet. This situation with Father Piña has changed her. She has become angry and combative. She may lose her job over her attitude change and she had to be asked to leave a classroom at school due to her behavior. She won't go to church any more.

Father Piña is the only godparent we have chosen from outside the family. We were so proud that one of our children would have a priest as a godparent. We wondered why his being a godparent had to be hidden from Monsignor O'Brien.

It was all so subtle. We felt really chosen to be in his couples group. He would do certain things that would be out of line but we would try to look the other way because he was a priest. For example, he told my daughters that he used to take women to San Francisco for dinner - fly there and back just for dinner. He told REDACTED that when she was old enough, he would take her to San Francisco for dinner.

We wanted nothing to be wrong. We feel used, stupid, betrayed. He was always so helpful but there were red flags that we chose to ignore. **When something seemed wrong, we'd talk it over but write it off with "he's a priest, nothing can be wrong."** Examples of behavior that made the REDACTED's uncomfortable:

- On a family visit to the Arboretum in Los Angeles, one of our daughters referred to a plant as looking like a penis. While we reprimanded her, he encouraged it and started pointing out parts of other plants that looked sexual. The little kids were with us. We tried to stop it but he kept it up.
- He gave REDACTED books with pretty graphic sex scenes in them. REDACTED said that if they were movies, they'd be rated R-17.
- He told the girls, "You know your mother is a fox." "I called him on that. I told him I didn't want to raise daughters who thought women were no more than bodies. I told him not to do it again." (REDACTED)

15062

- He gave REDACTED \$50 at Christmas - just took it out of his wallet and gave it to her right in front of us. We wanted to say, "No," but couldn't because of the situation.
- He took the girls shopping one time. We were very nervous. He drove from Saint Emydius, to Ventura, to Ontario Mills for shopping, back to Ventura and then back to Saint Emydius - all in one day. They got back to our home at 10:00 PM. The weather was bad that night. We offered him to spend the night but were relieved when he didn't. We were very uncomfortable with the whole thing. He had given each girl \$100 to shop. He kept the money and paid for what they bought. We can't afford a \$100-dollar shopping spree for any one of our kids. What was he trying to do? "I'd like to ask him, 'What was your master plan for my family?'" (REDACTED)
- I challenged him about how REDACTED must feel with his special relationship with REDACTED. He just said it wasn't a problem. (REDACTED)
"I feel all trust has been severed." (REDACTED)

REDACTED He took me aside one day and divulged his problem. He said he did so because REDACTED was infatuated with him. He wanted me to be like a monitor so I could call him on things that were not correct. Yet, one time after a women's gathering, we went out for a glass of wine and REDACTED had a bit too much to drink, he arranged to drive REDACTED home over my objection that it was not good. Later, I asked him how it went. He just said there was no problem.

"I was always careful how he hugged me - I kept it sideways, arm over shoulder. I was very conscious of my physical space when around him."

They said they hoped the final decision was that Father Piña would not be a priest any more. He's just too manipulative. The REDACTED's will be contacting Dr. REDACTED for counseling.

REDACTED read a letter to Father Piña out loud. REDACTED also wrote a letter but did not want to read it. They both gave permission for Father Piña's therapy team to have copies.

The appointment lasted until 5:20 PM.

REDACTED introduced herself after the noon Mass. She came to hear the announcement. She thanked me for trying to help her family. I encouraged her to speak with one of the therapists that would be available to her family. She didn't answer. She said she didn't want to talk right now but might write a letter later. She asked if Father Piña was going to continue as a priest. I told her that decision had not been made yet. The whole conversation was no more than 5 or 6 minutes. She was obviously quite uncomfortable.

MEMORANDUM
REDACTED

DATE: May 12, 1998
TO: REDACTED
FROM:
RE: *Father Joseph Piña*

March 4, 1998 – Meeting with REDACTED and Dr. REDACTED at the Archdiocesan Catholic Center.

Pursuant to three allegations of serious boundary molestations, Father Piña was invited in to hear the allegations with his therapist present and to respond.

When Father Piña heard the allegations, he agreed to one pretty much as stated, but only minimally recognized the other two as serious failures in his sexual boundary contract. REDACTED stated that she felt that the “wool had been pulled over her eyes” as had the Pastor.

It was agreed that Father Piña go to REDACTED REDACTED for an evaluation and treatment.

Father Piña was very docile in responding to this suggestion and made arrangements to be there that night. I followed the course of treatment with Father Piña on weekly rounds at REDACTED on March 11, 18, 24, and April 1.

On March 11, psychological test results were discussed and found to be constant with his earlier testing.

We discussed Father Piña’s capacity to charm the staff and underscore how that would be a treatment issue. By March 18, Father Piña had resigned as Pastor for a parish he served for one month. Reports had been made that he had asked 7th grade girls to braid his hair.

March 24, 1998 was family day, and Father Piña asked several priests to join him as well as family members. Staff felt he was beginning to understand his “grooming behavior.”

Memorandum to REDACTED

Page 2

May 6, 1998

On April 1, we agreed to place Father Piña in a half-way house with other sex offenders, that his comings and goings be monitored, that his daily attendance at meetings be corroborated, and that he would begin a program of vocational rehabilitation at Long Beach City College.

This agreement will be reassessed in ninety days.
